

§ 115C-174.11. Components of the testing program.

(a) Assessment Instruments for Kindergarten, First, Second, and Third Grades. – The State Board of Education shall develop, adopt, and provide to the local school administrative units developmentally appropriate individualized assessment instruments aligned with the standard course of study and Part 1A of Article 8 of this Chapter for the kindergarten, first, second, and third grades. Local school administrative units shall use these assessment instruments provided to them by the State Board for kindergarten, first, second, and third grade students to assess progress, diagnose difficulties, and inform instruction and remediation needs. Local school administrative units shall not use standardized tests for summative assessment of kindergarten, first, and second grade students except as required as a condition of receiving federal grants.

(b) Repealed by Session Laws 2009-451, s. 7.20(c), effective July 1, 2009.

(c) Annual Testing Program. –

- (1) The State Board of Education shall adopt the tests for grades three through 12 that are required by federal law or as a condition of a federal grant. These tests shall be designed to measure progress toward reading, communication skills, and mathematics for grades three through eight, and toward competencies for grades nine through 12. Students who do not pass the tests adopted for eighth grade shall be provided remedial instruction in the ninth grade.
- (2) If the State Board of Education finds that additional testing in grades three through 12 is desirable to allow comparisons with national indicators of student achievement, that testing shall be conducted with the smallest size sample of students necessary to assure valid comparisons with other states.
- (3) Repealed by Session Laws 2014-78, s. 3(a), effective July 1, 2014.
- (4) **(For applicability, see editor's note)** To the extent funds are made available, the State Board of Education shall use a competitive bid process to adopt one nationally norm-referenced college admissions test to make available to local school administrative units, regional schools, and charter schools to administer to all students in the eleventh grade unless the student has already taken a comparable test and scored at or above a level set by the State Board. The State Board of Education shall require the administration of an alternate to the nationally norm-referenced college admissions test or an alternate precursor test to the nationally norm-referenced college admissions test to a student who (i) exhibits severe and pervasive delays in all areas of conceptual, linguistic, and academic development and in adaptive behaviors, including communication, daily living skills, and self-care, (ii) is following the extended content standards of the Standard Course of Study as provided in G.S. 115C-81.5, or is following a course of study that, upon completing high school, may not lead to admission into a college-level course of study resulting in a college degree, and (iii) has a written parental request for an alternate assessment.

The State Board of Education shall ensure that parents of students enrolled in all public schools, including charter and regional schools, have the necessary information to make informed decisions regarding participation in the nationally norm-referenced college admissions test and precursor test.

Alternate assessment and nationally norm-referenced college admissions test assessment results of students with disabilities shall be included in

school accountability reports, including charter and regional schools, provided by the State Board of Education.

(d) Except as provided in subsection (c) of this section, the State Board of Education shall not require the public schools to administer any standardized tests except for those required by federal law or as a condition of a federal grant.

The State Board of Education shall adopt and provide to local school administrative units all tests required by federal law or as a condition of a federal grant.
